

Md. Sabbir Hossain Hridoy

Software Engineer (.NET)

☎ +880-1725-272987 | ✉ sabbirhossainhridoy06@gmail.com | 🌐 [GitHub](#) | 📍 Uttara, Dhaka

CAREER OBJECTIVE

Software Engineer (.NET) with hands-on professional experience in developing and maintaining enterprise web applications using C#, ASP.NET Core, ASP.NET MVC, Web API, REST APIs, Web Services, React, Dapper, and Microsoft SQL Server. Experienced in developing database-driven business modules, designing and integrating APIs, writing SQL queries, debugging applications, developing reports using Crystal Reports, and providing maintenance support for software systems. Strong understanding of Object-Oriented Programming (OOP), Software Development Life Cycle (SDLC), database design, Clean Architecture, and frontend-backend integration. Familiar with ASP.NET Web Forms, jQuery, Flutter, and RDLC reporting technologies.

EXPERIENCE

Software Engineer (.NET) | Nanosoft, Badda

June 2025 – Present 2026

- Working as a full-time .NET Software Engineer on large-scale enterprise systems, including DSK Bangladesh (Doshto Shastho Kendro) and BTS (Breaking the Silence).
- Developing and maintaining enterprise web application modules using C#, ASP.NET Core, Web API, REST APIs, React, Dapper, and Microsoft SQL Server.
- Designing database-driven business logic, writing SQL queries, and developing RESTful APIs.
- Integrating backend services with React frontend and translating business requirements into scalable software modules.
- Debugging and troubleshooting application, API, and database-related issues while providing ongoing maintenance support.
- Applying OOP, Clean Architecture, and SDLC best practices while collaborating with cross-functional team members.

SKILLS

- **Programming Languages:** C#, JavaScript, C, C++
- **Backend Development:** ASP.NET Core, ASP.NET Core MVC, Web API, RESTful APIs, Dapper

- **Frontend Development:** React, JavaScript, HTML, CSS
- **Databases:** Microsoft SQL Server, SQL Queries, Database Design
- **Architecture & Concepts:** OOP, Clean Architecture, Design Patterns, Software Development Life Cycle (SDLC)
- **Development Practices:** API Integration, Debugging, Troubleshooting, Unit Testing Concepts, Code Optimization, Software Maintenance, Crystal Reports
- **Other Skills:** Problem Solving, Debugging, Academic Writing, Team Collaboration, UI/UX Design
- **Tools & Platforms:** Visual Studio 2022, VS Code, Git, GitHub, DbUp, Figma.
- **Familiar With:** Flutter, RDLC

PROJECTS

DSK Bangladesh (Doshto Shastho Kendro) [ASP.NET Core, SQL Server, React] [Source Code](#)

- Enterprise-level NGO management system developed as part of professional work at Nanosoft.
- Implemented backend modules using ASP.NET Core and Dapper, managed database migrations with DbUp, and developed RESTful APIs.
- Integrated APIs with React frontend for dashboards and operational workflows.

BTS (Breaking the Silence) [ASP.NET Core, SQL Server] [Source Code](#)

- Developing system modules for a large-scale NGO management platform.
- Implementing backend services using ASP.NET Core, Dapper, DbUp, and REST APIs.

Visitor Management System [ASP.NET Core, SQL Server, Blazor] [Source Code](#)

- Designed and developed a web-based visitor management system using ASP.NET Core, Blazor, C#, and SQL Server.
- Implemented visitor registration, host notification, and visit tracking features.

UX Design Project [Figma, UI/UX] [Dribbble Preview](#)

- Designed UI/UX interfaces and prototypes using Figma and Adobe XD.
- Focused on usability, layout consistency, and user experience flow.

EDUCATION

International University of Business Agriculture and Technology (IUBAT) Bachelor of Science in Computer Science and Engineering (BCSE) <i>Duration: January 2022 – January 2026</i>	Dhaka CGPA: 3.51
I.E.S School & College Higher Secondary Certificate (HSC), Science <i>Passing Year: 2020</i>	Dhaka GPA: 4.67
Kafila Ramnagor High School Secondary School Certificate (SSC), Science <i>Passing Year: 2018</i>	Barishal GPA: 4.39

PUBLICATIONS

- *PavD-YOLOv9: An Improved Deep Learning for Accurate Pavement Distress Detection and Classification* — IEEE ([Published](#))
- *YOLO-Based Road Damage Detection: Dataset Analysis and Real-World Implications* — Springer (Accepted)
- *Comparative Analysis of Object Detection Algorithms for Pothole Detection under Environmental Constraints* — Springer ([Published](#))
